# BM-850T2

## Microcassette Desktop Transcribing Machine

### features

- **Microcassette Desktop Transcribing Machine** uses easy to obtain, easy to store microcassettes for recording and playback convenience
- **LCD Tape Counter** gives a visible indication of tape elapsed for rapid access and shows amount of dictation on the tape
- **Telephone Record Function with Optional Direct Connect Device** allows for direct recording of telephone conversations
- **Erase Function** may be activated in the rewind mode to automatically erase the recordings on the cassette
- **Fully Adjustable Speed Control** allows one-finger adjustment for transcribing convenience
- **Fully Adjustable Auto Secretarial Rewind** begins playback prior to where the tape was last stopped preventing lost dictation
- **Tone and Volume Controls** are individual slider type, front mounted, and allow easy one-finger adjustment for transcribing convenience
- **Includes 3 Function Foot Control and Professional Style Transcribing Headset** make the transcription process easy, allowing the mode to change from Play to Rewind to Fast Forward without removing hands from the keyboard. The chin-band style headset reproduces the sound in both ears for comfortable listening
- **Can Be Used as a Desktop Dictating Machine with the Addition of a HU-80 Single Slide Control Hand Microphone** providing full control including electronic indexing to mark ends of letters and special instructions
- **2-Speed Operation** makes it compatible with 2-speed microcassette portable recorders
